## ARTICLE INFO

### Article history:

Accepted 16 May 2023

Available online 6 June 2023

Editor: A. Jacobson

The authors regret that some of the data published in the original article were recently found to be incorrect. 101 measurements over 1999 are shifted. The authors state that this shift has no effect on the figures or the discussion. These data originate from the Francevillan Formation (2.1 Ga) samples.

The corrected data are available in the supplementary material.

The authors would like to apologise for any inconvenience caused.
